

# Dropshipping Report

Class of 2028

# Unveiling the **Future** of **Dropshipping**

At Tetr College of Business, we believe that real entrepreneurs are forged through real-world experiences. Our Dropshipping Capstone embodies this philosophy, offering students the unique opportunity to launch and grow businesses in one of the world's most dynamic markets—**Dubai**.

This report showcases the incredible achievements of our students as they master the art of dropshipping, generating revenue, refining strategies, and navigating challenges. From tech gadgets to lifestyle products, these ventures are more than academic exercises—they're thriving businesses with real impact.

Tetr isn't just about learning business—**it's about living it**. As you explore this report, you'll witness how our action-driven curriculum empowers the next generation of global entrepreneurs to dream big, execute boldly, and redefine success in a digital-first economy.

# Dropshipping in Dubai

Launching brands from the world's trade capital

Our students have launched **22 dropshipping businesses** in Dubai, generating over **\$67,000** in revenue and gaining real-world entrepreneurial experience. Guided by expert mentors, they've mastered skills from website creation and advertising to product refinement and customer outreach.

The first team to hit **\$1,000 in profit** earned a **\$5,000 prize** to reinvest in marketing and advertising efforts.

# Student Success Stories

"I remember the first day of the dropshipping business class. I was nervous if I could really build something from scratch. But with Tetr's support, I launched a startup in my first term and watched it grow. Tetr taught me to think like a founder and has given me the support to make my ideas a reality."

**Daniel Richardson**

Canada

"Taking the dropshipping course at Tetr was an eye-opening experience. I learned not just the basics of dropshipping, but also how to approach it strategically, thanks to the professors who were always available to guide me. By the end of the course, I not only had my own online store but a deeper understanding of the e-commerce world and how to grow a business from the ground up."

**Emily Yobal**

Mexico

"Tetr's dropshipping business class was the highlight of my college experience. Through this course, I learned about every step of the dropshipping process and how to successfully build an online store. The learning environment at Tetr truly shaped my entrepreneurial mindset and gave me the tools to succeed."

**Ege Kilinc**

USA

"I had always been interested in e-commerce but never had the courage to dive into it. The dropshipping course at Tetr changed that for me. The course gave me step-by-step guidance and practical advice that I could implement immediately. By the end of the term, I had a fully functional online store and started generating sales. It's been an incredible experience that has truly transformed my approach to business."

**Sarah Westberg**

Germany
